Subject: Competency of laboratory to perform and document relevant tests

Dear Mark:

TIMCO Engineering, Inc. has been providing Most Technology Service Co., Ltd. with certification services for over five years. We visit Most Technology Service Co., Ltd. several times a year in an effort to educate its staffs on how to submit quality test reports and applications for certification. We have assessed the conformity of many of Most Technology Service Co., Ltd.'s applications for compliance with the FCC Rules and regulations, IC and EU standards, and our administrative and technical reviewing staff has determined that Most Technology Service Co., Ltd. is competent to perform and document the relevant tests. Particularly, for each filing TIMCO was confident that the product meets the relevant requirements before the device was authorized or the Opinion issued.

Most Technology Service Co., Ltd. is also accredited to 2.948 Listed test lab (Registration Number: 490827) by a body recognized by the FCC for a scope of testing relevant to the application for certification sought or for an equivalent scope of testing.
