CMA Testing - Provides You One-stop Environmental Services

The issue of environmental protection should be everyone's concern. In vision to provide professional technical support to client, CMA Testing has been standing at the forefront in offering a wide range of environmental testing services. We are the first accredited laboratory to issue Indoor Air Quality (IAQ) certificate in Hong Kong. Our IAQ on-site measurement and sampling procedure have been accredited by Hong Kong Inspection Accreditation Scheme (HKIAS); while the service of laboratory analysis is also accredited by the Hong Kong Laboratory Accreditation Scheme (HOKLAS). Equipped with sophisticated instruments in addition to the qualification of our professional staffs and years of experience, we are confident in providing you with the utmost quality services.

Environmental Assessment of Product

- Product Carbon Footprint
- Product Life Cycle Analysis
- Product Volatile Organic Compounds(VOC) Content
- Biodegradability Test
- Environmental Products' Performance Evaluation
- REACH, WEEE & RoHS

Environmental Analysis & Assessment

- Indoor Air Quality (IAQ) Measurement and Certification
- Air Pollutants Sampling & Monitoring
